CONTRIBUCIÓN DE NUESTROS PRODUCTOS PARA PUNTOS LEED™

LEED™ (Leadership in Energy and Environmental Design) is an internationally recognized green building certification system, providing third-party verification that a building or community was designed and built using strategies aimed at improving performance across all the metrics that matter most: energy savings, water efficiency, CO² emissions reduction, improved indoor environmental quality, and stewardship of resources and sensitivity to their impacts.

Developed by the U.S. green Building Council (USGBC), **LEED™** provides building owners and operators a concise framework for identifying and implementing practical and measurable green building design, construction, operations and maintenance solutions.

LEED™ is flexible enough to apply to all building types - commercial as well as residential.

The different types of **LEED™** Certification are the following :

- Homes
- Neighborhood Development
- Commercial Interiors
- Core & Shell
- New construction
- Schools, healthcare, Retail

Todos nuestros productos **contribuyen** para obtener puntos **LEED™**

SURFACE-S4000®

SURFACE-S8000®

SURFACE-SL150®

AnhyCrete®

SURFACE-GYP®

SURFACE-GYP®READY

Primer P-346

- **MR-REGIONAL MATERIALS** (*productos regionales*)

Nuestra planta se sitúa en Apaxco, Edomex (MEXICO)

- **EQ-LOW EMITTING MATERIALS** (*emisión de VOC - compuestos orgánicos volátiles*)

Todos nuestros productos mencionados en este documento son 100% libres de VOC
