

# SURFACE™

## SL-QS (Quick Screed) READY

by tecnodry

Fast-setting Self-Leveling high performance resurfacer

+1.661.379.6105

info@self-leveling.us

- For leveling, smoothing and repairing
- Pre-mixed and easy to apply
- Very high compressive strength
- Suitable for use in wet area
- Good resistance to abrasion
- For exterior and interior applications
- Fast setting and drying
- For residential, commercial and industrial applications
- Installation depths: from 1/4" to 3"
- Zero VOCs

### Features and benefits

- Easy to apply and with excellent fluidity
- Walkable within 2-3 hours
- 28 days compressive strength up to 10,000 psi

### Technical data

Physical appearance, 40 kg bag (88 lbs)	Beige or gray powder
Working time	≈ 20 minutes
Ready for floor covering	24 to 48 hours
28 days compressive strength (ASTM C109)	703 kg/cm <sup>2</sup> (10,000 psi)

Technical Data Sheet
